Resolutions were adopted to the effect that while approving the necessary reforming of the tariff, we would keep in view not only the immediate wants of our revenue, but that protection to industry and development of resources by which the prosperity of the people may make secure the solvency of our Government, that when a decrease of the revenue is feasible, we favor free admission of tea, coffee and articles not produced here, and retain duties for protection and revenue on articles. We can and do produce, that it would be injury to American workingmen to adopt a system that is demonated by English artisans. A resolution was adopted inviting the advocates of free trade to a joint discussion. A committee was appointed to form a protective tariff organization, and the meeting adjourned.

> T. H. LOGAN, ENG.—Deer Sir.—I wrote to you some time slace for a bottle of Henlinger's fluid Extract of Sarsaparilla and Dandellon, and must say that it has acted upon me like a charm. I have been smileted for near two years with Dyspepsia; two-thirds of the time I vomited from one to three times a day. I had given up the idea of ever getting well, and indeed my iriends had given up all hopes of my ever getting well again. Added to this, I suffered states well again. Added to this, I suffered getting the CURE OF DYSPEPSIA AND SCROFULA.

READ AGAIN.

EXTRAORDINARY CURE OF MERCU-RIAL DISEASE.

DEAR DOTOR:—You know what was my condition when I called upon you. I was sores all over, literally covered to the many black scales, and to pathed in my joints at night, that sleep or rest was utterly impossible. My constitution seemed entirely broken down, and I was almost in despair of ever being cured, having tied many physicians, and used numerous preparations purporting to be remedies, without the least sign of success. But I am now happy to say, that after using those five bottles of your sarasparilia and Dandelion, and only two boxes of the Pilis, i became perfectly restored, have returned to my post on the base of the Pilis, i became perfectly restored, have returned to my post on the life in my life. He saw that as ever I did in my in the saw of the Pilis, and believe me ever yours.
